No. 7006 Home.—In exercise of the powers conferred by Section 9 (1) of the Punjab Motor Vehicles Act II of 1907, and in continuation of Notification No. 6472-Home, dated the 22nd August 1913, the Chief Commissioner is pleased to make the following rules for the grant of permits to motor vehicles letting or plying for hire within the Province of Delhi :—

Rules Regarding Permits.

Permits will be granted to vehicles duly licensed under the Punjab Motor Vehicles Act (Act II of 1907) and rules thereunder, for the period of one year to ply for hire in Delhi Province in accordance with the following regulations by the Deputy Commissioner of Delhi :—

A.—GENERAL.

1. Every driver, attendant, licensee or owner of a motor vehicle plying for hire shall be subject to the provisions of the Punjab Motor Vehicles Act and the rules and regulations notified thereunder by the Chief Commissioner of Delhi in Notification No. 1647, of 16th December 1912, and in addition shall observe the following rules and be bound by the following further conditions.

2. The permit granted shall remain in force from the date thereof till the 31st March next following, unless suspended or cancelled in the meantime by the order of the Deputy Commissioner.

3. The permit shall not be transferred to any other person without sanction duly endorsed thereon by the Deputy Commissioner.

4. The vehicle shall not under any circumstances be driven by any person other than a driver holding a special certificate for competency for driving a hired motor vehicle signed by the Superintendent of Police, Delhi.

5. The certificate of competency shall be produced whenever demanded by a police officer, and shall be liable to be suspended or cancelled at the discretion of the Superintendent of Police if he has reason to believe that the driver is incompetent or has been guilty of rash or

negligent driving or has infringed any condition of the permit of which the Superintendent of Police shall be the sole judge.

6. The applicant for a certificate of competency must be produced by the owner of the car before the Superintendent of Police. He will undergo an examination and satisfy the Superintendent of Police that—

- (a) he is a competent and careful driver ;
- (b) he possesses a general knowledge of the car which he intends driving ;
- (c) he has a knowledge of the law affecting motor vehicles as well as a knowledge of the rules of the road ;
- (d) he has acquaintance with the principal places and roads of Delhi.

When a driver's certificate is suspended or cancelled, or when he enters the service of an owner of a private motor vehicle his competency certificate must be surrendered to the Superintendent of Police, and it is the duty of the owner of the public motor vehicle to see that such license is surrendered.

7. The driver shall at all times when on duty with the public motor vehicle wear a metal badge which shall be supplied to him by the Superintendent of Police and shall surrender the same if his certificate is suspended or cancelled to the Superintendent of Police.

8. The owner of the vehicle plying for hire shall maintain regularly such register in such form as the Superintendent of Police may direct, showing the name of the driver and the hours and dates on which he was in charge of the vehicle.

9. Every motor vehicle plying under this permit shall be fitted with a taximeter.

10. Every motor vehicle intending to be licensed to ply for hire shall be brought to the office of the Superintendent of Police at such time as he may direct for the purpose of examination of the taximeter.

11. The Superintendent of Police will submit each taximeter to a practical test. If it is found by him to be correct the whole of the fittings shall then be sealed to the cabs in such a manner that they cannot be removed or tampered with without taking off the seals.

12. Every vehicle shall be brought to the Superintendent of Police for a fresh taximeter test each time the meter or transmission gearing is removed or repaired.

13. No taximeter shall be affixed to a motor vehicle plying for hire unless the seal or mark approved by the Superintendent of Police has been fixed thereto. The permit of any car not having the said seal or mark intact shall be liable to revocation by the Deputy Commissioner. Any owner, attendant, licensee, driver or any other person, who shall break or tamper with the seal or mark attached to the taximeter or who shall, with intent to deceive, tamper with the taximeter, shall be deemed to have committed a breach of this rule.

14. The driver of every motor vehicle so plying for hire shall, as soon as he is hired and no sooner, set the taximeter in motion, and upon the termination of the hiring shall immediately stop the same. If he neglect or fail to do so, he shall be deemed to have committed a breach of this rule.

15. The brakes should as far as possible be so affixed as to be capable of easy adjustment, and at least one must be so made as to be applicable by the foot of the driver. No two brakes, which operate on the same part, shall be considered as independent, and at least one should act directly upon the road wheels without any connection with the propelling gears.

16. All brake and steering connections secured with bolts must have the bolts secured with nuts, the same to be locked or pinned.

17. The machinery shall be so constructed that no undue noise or vibration is caused.

18. Carburettors must not be placed in close proximity to magnetos or to connections of wires carrying electric current unless they are suitably encased or screened.

19. All wires carrying electric current must be properly insulated and protected from injury and so placed that they cannot be the cause of danger.

20. Tanks for petrol or liquid fuel must be sufficiently strongly constructed. The inlet for fuel should be so placed as to prevent the ready ignition of any overflow.

21. Vehicles must be capable of being readily steered and able to turn on each lock and proceed in a contrary direction within a roadway 30 feet wide from kerb to kerb. The Superintendent of Police may at his discretion in special cases increase this limit.

22. Vehicles must have a light so fixed as to illuminate the taximeter at night.

23. Where acetylene or other gas is used to light the carriage, the vessels which contain the gas in which it is generated must be fixed outside in such a position as to be removed as far as possible from the danger of accidental ignition.

24. The floors must be covered with mats of suitable material.

25. No printed matter to be carried by way of advertisement shall appear on the inside or outside of the vehicle.

26. The doors, windows, seats, roof or hood, springs, cushions, wheels, linings, panels, etc., and all furniture and appointments of the motor vehicle must be maintained in proper order and repair, and the inside of the vehicle must be kept clean.

27. The vehicle shall be liable to examination at such times as the Superintendent of Police may prescribe, and the permit may be suspended or cancelled under the orders of the Deputy Commissioner if the machinery or brakes are defective or if the lights numbers or any accessory are not in accordance with the regulations binding in virtue of this permit.

28. A fee of Rs 5 shall be paid for the permit.

1. All communications relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of

applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.
